

Pamela Geller a stubborn irrational woman attacking Islam without knowledge

By

Dr. Mohsen El-Guindy

Pamela Geller is known for her opposition to Islamic activities and causes, such as the proposed construction of an Islamic Centre near the former site of the World Trade Centre. She is described as a critic of radical Islam and self-described as opposing political Islam.

Together with Robert Spencer, she co-founded the Freedom Defence Initiative and Stop Islamization of America. These organizations were labelled hate groups by UK government officials, who barred Geller's entry into the UK in 2013. She and Spencer co-authored the book *The Post-American Presidency: The Obama Administration's War on America* in 2010.

Pamela Geller is poorly educated; she left Hofstra University before completing her degree.

The Southern Poverty Law Centre classifies Pamela Geller and Robert Spencer as hate groups. According to the Centre, Geller is the "anti-Muslim movement's most visible and flamboyant figurehead. She's relentlessly shrill and coarse in her broad-based denunciations of Islam."

In May 2010, Pamela Geller and Robert Spencer began a strong campaign against the proposed Park 51 Islamic community Centre and mosque, which Geller has referred to as the "Ground Zero Mega Mosque".

Pamela Geller is planning a "Draw the Prophet" event in Garland, Texas in the same location as a Muslim group held a "Stand with the Prophet" conference in January. The First Annual Muhammad Art Exhibit and Contest will be hosted by the Curtis Caldwell Centre, which is owned and operated by the Garland Independent School District.

Geller's event comes on the wake of the Islamic terrorist attack on the French magazine *Charlie Hebdo* in January. Following the attack, the Council on American-Islamic Relations (CAIR) scheduled the "Stand with the Prophet" conference at the public school district's conference

centre. Geller, the President of the American Freedom Defence Initiative (AFDI), scheduled a protest outside the event that was attended by approximately 2,000 people.

During the Free Speech Rally in Garland, Geller spoke with *Breitbart Texas* about her reaction to the large and loud crowd of protesters. She said that Muslims are trying to impose restrictions on free speech like they are doing in Paris. “Thousands of Americans said ‘no way!’”

“Enough is enough,” {she borrowed the same words of Geert Wilders – another moron attacking Islam} she explained. “They’re just cartoons. We’re holding this exhibit and cartoon contest to show how insane the world has become — with people in the free world tiptoeing in terror around supremacist thugs who actually commit murder over cartoons. If we can’t stand up for the freedom of speech, we will lose it — and with it, free society.”

The contest will take submissions online and the winner will be announced at the event in Garland. The winning cartoonist will receive a \$10,000 prize. The exhibit will feature images of Islam’s prophet in both historical and contemporary settings.

In June, 2010, Geller organized and led a group of approximately 5,000 protesters (Geller released this estimate) to march and protest against the establishment of the proposed “Ground Zero Mosque.” Eventually, plans for the mosque were cancelled.

Geller made headlines by running an anti-Islam advertising campaign on buses and subway stations in New York City. She said the campaign was designed to educate and warn the public of the “problem with jihad” and Sharia Law. The ads also ran in San Francisco, where Geller drew fire from the Jewish Voice for Peace. By launching all these hatred against Islam, Geller had initiated Islamophobic campaigns in more than a dozen communities, from Boston to Seattle, Chicago to Miami (1).

Speaking about the ground zero mosque, Pamela Geller should have known that Muslims do not need another mosque to be constructed near the former World Trade Centre. The overall number of mosques in the United States rose already from 1,209 in 2000 to 2,106 in 2010, an increase of 74%. New York has already 257 mosques, California 246 and Texas 166. The fact is that Islam, Muslims and their mosques are tremendously growing in the United States.

The mosques are mostly located in or around big cities, with New York state and California alone having 503 mosques. As more Americans have moved to the suburbs, so has the growth of new mosques. While many mosques have historically been established by South Asian immigrants, the newer immigrant groups such as Somalis, Iraqis, West Africans and Bosnians have begun to establish their own mosques since 2000.

Therefore, Pamela Geller's opposition to the construction of the Islamic Centre near the former site of the World Trade Centre is meaningless and absurd; it reminds me of the proverbial saying, "the dogs bark and the convoy moves on."

Pamela Geller is bursting with anger because she knew well that Islam is the fastest growing religion in the world. For example, in Europe, according to United Nations statistics, between 1989 and 1998 the Islamic population grew by more than 100 percent (to about 14 million or 2 percent of the population). At the current rate of growth, it is estimated that Islam's population by the year 2025 will be 1.9 billion (about 24 percent of the total European population).

In 1995 there were some 4 million Muslims in France, 1.9 million in Germany, and 1.5 million in the UK, accounting for 7 percent, 2.4 percent, and 2.7 percent of the overall populations, respectively. In 1998, 7 percent of babies born within the European Union were Muslim, in Brussels it was as much as 57 percent.

Islam is the fastest growing religion in the United States. It amounts to 6-8 million Muslims. The largest concentrations of Muslims are in California, New York, and Illinois — with an estimated 400,000 in the Chicago area alone.

While specific figures may be debated, what cannot be debated is the phenomenal growth of Islam. According to United Nations statistics, the Muslim population in the United States grew by 25 percent between 1989 and 1998. In 1990, there were only about 50 Islamic schools in America. Today the number is over 200. Since about 1990, the number of registered Islamic centres and mosques has tripled to more than 2,500 (2).

Well Pamela Geller, what are you going to do about this tremendous growth? People are entering Islam in "crowds". The more you try to tarnish and demonize Islam the more people will turn to Islam. Islam gets "burnished" when it is "tarnished", and shines.

Pamela Geller what are you going to do about this tremendous growth of Islam in the West except to die in your anger.

Pamela Geller campaigns against what she calls: 'creeping Sharia in the United States.' The woman does not know what Sharia is, yet she attacks it without knowledge.

The sick minds of Pamela Geller, Robert Spencer, Geert Wilders , Bill Warner and the like, portray to them that the West enters Islam out of compulsion. But there is no compulsion in Islam.

Allah says in the Koran:

No compulsion is there in religion. Rectitude has become clear from error. So whosoever disbelieves in idols and believes in Allah, has laid hold of the most firm handle, one that will never break; Allah is All-hearing, All-knowing (AL-Baqarah, 256).

It is not for Muhammad to force anyone to accept the truth, which he is inspired to preach or proclaim.

The Koran says:

Had Allah willed, they were not idolaters; and We have not appointed you a watcher over them, neither are you their guardian (Al-An'am, 107).

Islam has defined the road to Paradise and the road to perdition. If anyone follows the road to paradise, it is to his own gain, if not, it is to his own loss.

We read in the Koran:

Clear proofs have come to you from your Lord. Whoso sees clearly, it is to his own gain, and whoso is blind, it is to his own loss; I am not a watcher over you (Al-An'am, 104).

But why white Westerners enter Islam every day in thousands?

They enter Islam out of their sincere conviction and not by force as the islamophobia hate mongers claim. They embrace Islam because it is a simple and practical religion. Islam has established, clear, and easily understandable beliefs and laws that any follower or student of the religion can easily understand. Islam affirms belief in a decent, civilized society. Islam also does not demand impossible goodness of its followers, but it recognizes that all human beings make mistakes and

sin. No one is exempt. Islam preaches peace, mercy, justice, tolerance, equality, love, truth, forgiveness, patience, morality, sincerity and righteousness. Islam is the religion that preaches the Oneness of Allah, the Oneness of mankind and the Oneness of the Message.

Pamela Geller is against the implementation of Muslim's law, the Sharia. Pamela Geller is a Jew, but she deliberately neglects the fact that the Jews have their own Law as well. A law that corresponds exactly to the Islamic Law - Sharia. The Jews live by their own Law derived from the Torah of Moses, and no one in the United States can reject or stand against the Jewish law.

Judaism is not just a set of beliefs about God, man and the universe. Judaism is a comprehensive way of life, filled with rules and practices that affect every aspect of life: what you do when you wake up in the morning, what you can and cannot eat, what you can and cannot wear, how to groom yourself, how to conduct business, who you can marry, how to observe the holidays and Shabbat, and perhaps most important, how to treat God, other people, and animals. This set of rules and practices is known as Halacha or the Jewish Law. The word "Halacha" is usually translated as "Jewish Law," although a more literal and more appropriate translation might be "the path that one walks." The word is derived from the Hebrew root Hei-Lamed-Kaf, meaning to go, to walk or to travel.

When properly observed, Halacha increases the spirituality in a person's life, because it turns the most trivial, mundane acts, such as eating and getting dressed, into acts of religious significance. The Jews increase their spirituality or the influence of their religion in their lives by observing Halacha. Keep kosher or light Shabbat candles, pray after meals or once or twice a day. When they do these things, they are constantly reminded of their relationship with the Divine, and it becomes an integral part of their entire existence (3).

If the Halacha in Judaism means "The path that one walks", the Islamic Sharia also means "the path" or "the path to water".

Islamic Laws and jurisprudence are made up of Sharia. Sharia is seen as sacred and constitutes the rules of the Koran and the Sunna of the Prophet.

As Halacha governs the life of the Jews, Sharia does the same for Muslims. Sharia not only governs public life, but also many facets of

Muslims' personal life. It has laws covering Muslim interactions with non-Muslims, sexuality, food, rituals, leisure activities, dress, hygiene etc.

Sharia is life for the Muslims' souls and a way of life for them. Sharia embraces worship, morals and conduct, as well as it embraces the political, social and economic, as well as other spheres.

The objective of the law (Sharia) is to achieve the ultimate moral and ethical objectives that represent the essence of Godliness on this earth.

Pamela Geller wants Muslims to abandon Sharia and follow the American lifestyle. I do not understand exactly what the American style is. Is it wearing small tight shorts, bikinis, sexy micro mini dress! Is it having sex outside marriage? Is it drinking wine, gambling and eating pork? Is it dancing with the stars or America's got talent? Is it living an uproar life in bars, pubs and nightclubs? Or maybe walking on the red carpet showing female most secret parts?

Pamela Geller you must understand you and your irrational hate monger peers that Muslims do not live the American dream. Their purpose of life is quite different. They live for Allah because He taught them the wisdom of creation as revealed in His Koran: "I have not created jinn and mankind except to serve Me (Al-Zariat, 56).

Muslims live in this life to serve only Allah, the Creator. Allah showed them the way to Paradise and the road to perdition. In Islam, there is no compulsion in religion. Allah gave the people the choice to believe or not to believe; to do good deeds or bad deeds; to choose the way of Satan or the way of Allah. But this free choice is limited by the fact that in the end all people will die and be accountable to Allah. Those who chose the way of Allah will enter Paradise and those who chose the way of Satan will be roasted in Hell for eternity. Muslims chose the way of Allah by abiding to His Law, the Sharia.

If Pamela Geller is so brave as to oppose Sharia, why doesn't she complete her boldness and oppose the Halakhah? Allah is the Lord of Moses and Muhammad, so why doesn't she attack Moses and draw him in absurd cartoons as well? Of course she cannot, because she is a coward, the Jews will accuse her of anti-Semitism and will burn her alive.

Because she is a coward, Pamela Geller took advantage of the rising of Islamophobia in America, and under the pretext of freedom of speech attacked Islam without right or authority. This is ignorance, cowardice, irrationality, prejudice and racism.

The foolish woman has taken Allah the Lord of creation as a rival, as an enemy. She does not know that Allah defends his religion and the

honour of His Messengers; and how could she know this and she had not read the Koran but rather mocked at it!

Allah says to the Prophet in in the Koran:

“We suffice thee against the mockers” (Al-Hijr, 95).

The pagans of Makkah slandered the prophet, and ridiculed his Book the Koran. But what was their fate? They were defeated in all the wars they launched against Muhammad, and Islam spread to the entire world. Muhammad was alone, and was scoffed at. His companions were poor and few, but Allah supported him with thousands of angels fighting with him against his enemies.

In the Koran there are several verses showing this divine support. Just to give few examples:

When you were calling upon your Lord for succour, and He answered you, ‘I shall reinforce you with a thousand angels riding behind you (Al-Anfal, 9).

When thy Lord was revealing to the angels, ‘I am with you; so confirm the believers. I shall cast into the unbelievers’ hearts terror; so smite above the necks, and smite every finger of them (Al-Anfal, 12).

Any human who angers Muhammad or wages enmity with Him, Allah annihilates him and eradicates his repute. It is reported that the Messenger of Allah said, “Allah said, ‘I will declare war against him who shows hostility to a pious worshipper of Mine.’” [Saheeh al-Bukharee (8/509)].

There is firm assurance of Allah’s help to prophets and their followers. On the Day of Judgment, witnesses will stand forth. In fact, man will himself be a witness against himself. And the prophet and just men will bear witness to the fact that they preached and warned men. After the testimony mentioned there will be no room for excuses, and if any were made, they could serve no purpose, unlike the state of matters in this world, where there is much make believe, and falsehood often masquerades as truth and is accepted as such even by those who should know better (4).

The Koran says:

Surely We shall help Our Messengers and those who have believed, in the present life, and upon the Day when the witnesses arise, upon the

day when their excuses shall not profit the evildoers, and theirs shall be the curse, and theirs the evil abode (Ghafir 51, 52).

By ridiculing Muhammad, Pamela Geller is fighting Allah the Lord of the universe. He, who fights Allah, is ruined. If one reads the stories of the Messengers mentioned in the Koran, one would find that nations were shattered and destroyed when they harmed the Messengers and received them with evil words and actions. No one has harmed a Messenger sent by the Lord and has not been struck with a calamity.

Allah avenges the mockery and slander of His Messengers though He may give respite to the arrogant.

Allah says in the Koran”

"How many a prophet We sent among the ancients, but not a Prophet came to them, without they mocked at him; so We destroyed men stronger in valour than they... Al-Zukhruf 6-8).

Those who hurt Allah and His Messenger -- them God has cursed in the present world and the world to come, and has prepared for them a humbling chastisement (Al-Ahzab, 57).

They will not harm you save a trifling hurt, and if they fight against you they will turn and flee. And afterward they will not be helped (Al-Imran, 111).

Pamela Geller – this ignorant half-educated woman – should have known that Allah has sent his religion in its original form through the prophet Muhammad. Since this is a mission assigned by Almighty Allah, He himself has guaranteed to help His emissaries to surmount all obstacles preventing them from performing their task. Those who come forward for this divine mission have Allah’s pledge that their opponents will not be able to inflict any real harm upon them.

The Koran says:

They can do you very little harm; if they come out to fight you, they will show you their backs; then they shall not be helped – abasement is put over them wherever they are found...They have incurred Allah’s wrath and destruction is put over them...this resulted from their disobedience and their habit of transgression (Al-Imran 111-112).

Pamela Geller, there is hope for a person who wanders in quest of truth, or even for one who wanders through mistake or by weakness of will.

But there is none for one who, by deliberate choice plunges into manifest error, error which anyone can see.

When a stage is reached, at which a person accepts evil as his good, his case is hopeless and Allah leaves him to go astray. It is only when after death, he comes face to face with Allah that he reaps what he has sown.

The Koran says:

Is he whose evil deeds are made alluring to him, so that he looks upon them as good, equal to the man who is rightly guided? Allah leads astray whom He wills, and guides whom He wills. So let not your soul be wasted in regrets for them; Allah has knowledge of the things they work (Fatir, 8).

The enemies of Islam when unite to attack Islam promise each other nothing but delusions. The truth only increases their aversion and they hasten to plot evil to undermine truth and destroy it; but the plotting of evil rebounds on those who plot, while truth marches forward triumphant. This is Allah's way in dealing with his enemies throughout the ages.

Pamela Geller, your evil go headlong into sin, and sink deeper and deeper until your spiritual faculties are deadened, and no outside help can bring you back.

The Koran says about people like you:

Can you (Prophet) make the deaf to hear, or shall you guide the blind and him who is in manifest error? (Al-zkhruf, 40).

Pamela Geller beware that if the whole world is ranged against the prophet of Islam, and scoffs at all that is sacred, Allah's protection outweigh all. And after all, the scoffers are creatures of a day. Soon will they find their level, and in the present life will be facing severe calamities, and on the Day of Judgment, a painful torment in Hell-Fire awaits them. Allah as the absolute Truth, His Koran as the last divine revelation to mankind, and His Messenger Muhammad the seal of the Prophets, endures forever.

Pamela Geller, woman astray, how dare you mock at the Prophet of Islam, and Allah and His angels honour and bless him as the greatest of men! Muslims are asked to honour and bless Muhammad all the more because he took upon himself to suffer the sorrow and afflictions of this life in order to guide all people to the right path.

If you have read the Koran you would have known that Allah and His angels bless the Prophet?

Allah and His angels bless the Prophet. O believers, do you also bless him, and pray him peace (Al-Ahzab, 56).

Hurting the Prophet whom Allah and His angels bless would certainly bring Allah's wrath upon your head, but in the appointed time.

Deem not that Allah is unaware of what the wicked do. He but giveth them a respite till a day when eyes will stare (in terror) (Ibrahim, 42).

The Prophet came with a divine mission to teach and reclaim the world, and he is entitled to the respect of all? Pamela Geller excelled in slandering the Prophet, maybe because she had not read what the Lord of creation has said about the terrible fate awaiting those who hurt the Prophet.

Those who hurt Allah and His Messenger – them Allah has cursed in the present world and the world to come, and has prepared for them a humbling chastisement (Al-Ahzab, 57).

Pamela Geller did not realize that by mocking the Prophet she had offended 1.5 Muslim around the world without doing any wrong. She didn't know that those who hurt believing men and women undeservedly bear on themselves a calumny and a glaring sin.

And those who hurt believing men and believing women, without that they have earned it, have laid upon themselves calumny and manifest sin (Al-Ahzab, 58).

Woman astray, don't you know that Allah has prepared for His enemies and the enemies of His Messenger a blazing Fire? There they will live forever, and they will find therein neither friend nor helper? Your face will turn upside down in the fire of Hell, a sign of degradation and ignominy. You will be humiliated and you will wish that you had followed right guidance when you had the chance.

Listen to the warning of the Koran:

Allah has cursed the unbelievers, and prepared for them a Blaze, therein to dwell forever; they shall find neither protector nor helper. Upon the

day when their faces are turned about in the Fire they shall say, “Ah, would we had obeyed Allah and the Messenger (Al-Ahzab 64-66).

Pamela Geller; you are Jewish aren't you? Then you must have read the Torah, a matter that I doubt very much! According to the Torah, the people of Moses often vexed him and rebelled against him and against Allah's Law (Num. xii. 1-13). They said that Moses own sister Miriam and his brother Aaron spoke against Moses because Moses married an Ethiopian woman. Allah cleared Moses of the charge of having done anything wrong: 'My servant Moses is not so, who is faithful in all mine house.' Miriam was afflicted with leprosy for seven days as a punishment, after which she was forgiven, and also was Aaron. This is the Old Testament story.

The Koran says:

O believers, be not as those who hurt Moses, but Allah declared him quit of what they said, and he was high honoured with Allah (Al-Ahzab, 69).

Pamela Geller and several others are now attacking the prophet of Islam. I wonder what would be their affliction in the present world, it will be surely severe, as for the torture in the Hereafter, it will be the eternal torment of the Fire.

The Koran says:

Surely those who disbelieve in Our signs -- We shall certainly roast them at a Fire; as often as their skins are wholly burned, We shall give them in exchange other skins, that they may taste the chastisement. Surely Allah is All-mighty, All-wise (Al-Nisa', 56).

It should be well understood that Allah destroyed whole nations for the deeds of just a few sinners. It was narrated that Allah in ancient times had ordered His angels to destroy an evil city. The angels exclaimed, “O Allah! There is a pious man in this city worshipping you day and night, can we spare his life?” Allah said: “Begin with him. He didn't lift a finger to alleviate evil.”

Pamela Geller and all the other ignorant morons attacking Islam are disgrace to their country. In addition to bringing Allah's wrath upon their heads in the present life, they will bring it also upon their nation - a

nation that left Pamela Geller and the other hate mongers and hypocrites spread disbelief, mischief and dissension in the land without reproach. A nation that had not lifted a finger to stop this nonsense is surely to bring Allah's wrath down upon herself. These evil persons had made America a hotbed of vice.

Their insolence against Islam is due to the illusion dominating their heads that Islam is not a true religion but a cult, that Muhammad is a fraud, that the Koran is his own invention, and that Allah is a moon god, a monkey god and a demon god! Therefore, they gave themselves the right to attack, slander and abuse Islam and Muslims.

Let's see how Allah the God of the universe swore in the Koran that His Book the Koran is a decisive Book and no pleasantry.

Allah says in the Koran:

No! I swear by the settings of the stars and that is indeed a mighty oath, did you but know it. It is surely a noble Koran in a hidden Book none but the purified shall touch, a sending down from the Lord of all Being. What, do you hold this discourse in disdain, and do you make it your living to cry lies? (Al-Waqi'ah 75-82).

No! I swear by that you see and by that you do not see it is the speech of a noble Messenger. It is not the speech of a poet little do you believe, nor the speech of a soothsayer little do you remember. A sending down from the lord of all being (Al-Haqqah, 38).

No! I swear by the receding stars, the planets that run their course and set, and the night that falls, and the first breath of morning. Truly this is the word of a noble Messenger having power, with the Lord of the Throne secure, obeyed, moreover trusty (Al-Takweer, 15-20).

Yet the Koran was burned by a lunatic pastor called terry Jones! The fool didn't know that by burning the Word of God he had but paved his way to Hell Fire for eternity.

Allah has sent His Messenger Muhammad with the Koran as a mercy to all beings. The Koran is the spirit of truth that guides into all truth. It aligns the course of action of thought and of life of all concerned, Muslims and non-Muslims because Islam is a universal religion.

The Koran says:

It is He who has sent His Messenger with the guidance and the religion of truth, that He may uplift it above every religion, though the unbelievers be averse (Al-Tawba, 33).

Yet the Koran, the literal Word of Allah, was desecrated and defiled at the U.S. prison at Guantanamo bay. One soldier deliberately kicked the Holy Book, other guards hit it with water balloons, and a soldier's urine splashed on a prisoner and his Koran.

Some hypocrite fools like Daniel Pipes, Sam Shamoun, Bill Warner, Robert Spencer, and you of course, and the false prophets you call Christian leaders had vomited filth from their ugly mouths against Muslims, Islam and the Koran. Their ugly words are well recorded and documented.

I wonder! Do the burners and defilers of the Koran as well as those slandering the Prophet, will be left unpunished? Each will have his share of terrible punishment in this world and in the Hereafter; they will be roasted in Hell for eternity.

The Koran narrated in several places that Allah had punished evil nations, which opposed their prophets and divine Messages by destroying them, and their dwellings were razed to the ground.

Have you not seen how your Lord did with Ad, Iram of the pillars, the like of which was never created in the land, and Thamud, who hollowed the rocks in the valley, and Pharaoh, he of the tent-pegs, who all were insolent in the land and worked much corruption therein? Thy lord unloosed on them a scourge of chastisement; surely thy Lord is ever on the watch (Al-Fajr 6-13).

Pamela Geller wait for the terrible divine punishment awaiting you. It will come on you suddenly dumbfounding you, and you shall not be able to repel it. Do you and the ignorant people like you think that you will be left unpunished? Are you so ignorant as not to know that he who sets himself against God and His prophet shall suffer the fire of hell?

Pamela Geller and those fools following or imitating her should have known that Allah knows the thoughts in people's breasts. He knows all that is in the heavens and all that is on earth. He knows all that is being said. Do they think that the foul epithets they utter against Islam are just words that will disappear in the air? They must understand that all the words they utter since they were in the cradle and until their deaths are recorded.

Pamela Gellar and all the other enemies of Islam should have known that they have turned their country into an evil land vulnerable to Allah's wrath.

Pamela Geller opposes political Islam, and neglects the fact that political Islam has resulted from the blind siding of America with Israel on the expense of the Palestinians. Political Islam was created by America when she supported Bin Laden in Afghanistan against Russia, and when she sponsored Islamic militia and the Muslim Brotherhood in order to split the Arab world into small sectors without borders and turn it into cults, sects and factions fighting among each other. Political Islam appeared on the international political scene when Islam as a religion was openly attacked by the enemies of Islam in America and the West. Political Islam is in fact a reaction of Muslims towards the enmity shown by the West towards their religion. The American plot against the Middle East known as "The New Middle East" is the reason behind the rise of political Islam.

The displacement and killing of Millions of Muslims because of the wars in Afghanistan and Iraq, in addition to causing chaos and instability in Yemen, Libya, Syria, and Egypt, are crucial factors for the rise of political Islam.

Political Islam is then the reaction of Muslims against the attack on their religion and their independence and sovereignty.

The real threat comes in fact from political Christianity. The Christian Right in America and its alliance with American Zionists started all this hatred against Muslims and Islam. The Judeo-Christian coalition sowed the seeds of hatred between non-Muslim and Muslim Americans without any logical reason. The falsehood they disseminated among the people tore the American society apart.

The Christian Right and its alliance with the American Zionists aims at implementing an evil, and an imperialistic agenda against the Muslim world by tarnishing the religion of Islam and convincing the people that Islam is a wicked religion and Muslims are terrorists and heretics. The Christian Right in association with the Jews is working hard to picture Islam as an evil religion and its adherents as savages and bloodthirsty.

The objective is to prepare the ground for a vicious war against Muslim countries in order to divide the Arab world into small entities based on religious differences, ethnicity, and racism.

The Christian Right, with its distorted reading of the Bible and its false apocalyptic and dispensationalist beliefs, has destroyed the Arab countries.”

“The Christian Right considers all Palestine a conclusive home for Israel and to hell with the Palestinians, the original inhabitants of the land. The Christian Right should have realized that by blindly supporting the Israeli aggression in Palestine, it had entered into the circle of injustice. Its hands became stained with Palestinian blood, and its conscious became burdened with the crimes of murder and expulsion. In the sight of Allah, supporters of criminals are equally guilty as criminals themselves. These crimes are the product of the Christian Right’s unconditional support for Israel without considering the simple right of the Palestinians to live as human beings in their modest homes. They think that by killing Palestinian Muslims, they are clearing the universe from the enemies of God. They must not play God, for God is just to his servants and is against tyranny and aggression. Had they confined themselves to the real Christian teachings aiming at piety, righteousness, and peace, their relationship with God and the world would have been different and better.

The Christian Right is behind the division we see now in the Arab world. The only country that will benefit from this division is Israel, of course.

The Christian Right is threatening world peace because it is interfering in America’s foreign policy, thus directing it to side blindly with Israel. The Christian Right is unwilling to see any peace settlement in the Middle East.

The Christian Right adjured American policymakers to adopt situations in the Middle East more harmonious to the Torah prophecies and to declare the right of the Jewish people to live on the land that was given to them by God, including the West Bank, Gaza, and Golan Heights. The leader of the Christian ethical majority claimed that as mentioned in the book of Genesis, the borders of Israel stretch east to the Euphrates River and west to the west of Egypt. He also added that the borders of the Promised Land enjoin parts from Iraq, Syria, Turkey, Saudi Arabia, Egypt, Sudan, all Lebanon, Jordan, and Kuwait!

This is how the Christian Right thinks. God chose the Israelis, while the evil infidel Arabs were not blessed by God. The Christian Right believes that since it was God's wish that Israel be established, any Arab or Palestinian claims in Jerusalem or in Palestine land are false pretences.

They even think that the Arabs are but pieces of chess in a holy cosmetic game, a hysteric power unfit to perform any reformatory or positive role in history. The Arabs are the enemies of God because their conflict with Israel is a challenge to His will. And as history is heading towards its end, the Arabs become the focus of evil, uniting with the disfigured imposter against God!

The Old Testament heritage made several American Christians look at the Arab-Israeli conflict as a reflection to the events depicted in the Old Testament. They consider the Israelis of the twenty-first century as the children of Israel mentioned in the Torah, and the Palestinians are the Philistines, whose hero Goliath fought David. It seems, therefore, that for the sake of Israel, the Christian Right is ready to inflame a nuclear war to ascertain the sacred prophecies.

“The American administration, surrendering to the evil desires of the Christian Right and its coalition with the Jews, will be responsible before God for the hundreds of thousands killed in Syria, Iraq, and Afghanistan. Allah will charge them for the women, elderly, and children who faced collateral damage and fled armed conflicts.

“The Christian Right, in collaboration with the Zionists, are surely taking America to its demise.”

Therefore, the threat comes from American political Christianity and not political Islam.

The plot against the Middle East known as the 'Arab Spring' or 'the New Middle East', is the result of the treacherous fight of this ugly coalition against Muslims, Islam and the Arab world in the Middle East.

Now, back to Pamela Geller coming event "Draw the Prophet", which will be held in Garland, Texas in next April. Geller comment on that event was the most despicable joke I have ever heard - a joke that will take her by the nose to Hell Fire. She said, "Muslims are trying to impose restrictions on free speech like they are doing in Paris."

Muslims are not imposing restrictions on free speech, but they are defending the honour of their Prophet, the seal of the prophets whom Allah honoured and blessed with the Koran, the last divine revelation to mankind.

Would it possible to mock at Abraham, Moses and Jesus by cartooning them in funny pictures? Is this what Pamela Geller meant by free speech? To ridicule Allah's Messengers under the pretext of freedom of speech!

Pamela Geller continued, "They are just cartoons", meaning there is no reason to make such a big fuss over cartoons!

But what these cartoons depict Pamela Geller? Ridiculing the prophet of Islam by drawing the face of a man whose beard and turban were drawn within a crescent moon, and with a star? Or maybe the face of a grim-looking bearded man with a turban shaped like an ignited bomb?

You think humiliating the Prophet of Islam in such a despicable manner is just a joke? You think this insolent play will go without punishment. Read the following verses of the Koran:

Then, as for those who believed and did good works, unto them will He pay their wages in full, adding unto them of His bounty; and as for those who were scornful and proud, them will He punish with a painful doom. And they will not find for them, against Allah, any protecting friend or helper (Al-Nisa', 173).

It is said (unto them): Enter ye the gates of hell to dwell therein. And what an evil abode of the scornful (Az-Zumar, 72).

Enter ye the gates of hell, to dwell therein. Evil is the habitation of the scornful (Ghafir, 76).

The Koran describes the Prophet of Islam as merciful and kind to the believers. Allah the Almighty says:

Now there has come to you a Messenger from among yourselves; grievous to him is your suffering; anxious is he over you, gentle to the believers, compassionate (At-Tawbah,128).

The Prophet Muhammad is introduced in the Koran in these words:

And We have not sent you forth but as a mercy to mankind (Al-Anbiyaa', 107).

Every Muslim is deeply hurt and saddened by the mockery of the noblest and the best of mankind - the Messenger of Allah, Muhammad, peace be upon him.

For nations heading towards largely atheistic attitudes on religion and degrading moral values - mockery of God and His Messengers has hardly any significance. For the believers, however, this is a matter that turns the soul inside out and causes much pain to see inconsiderate people mocking at the Messenger of Allah the best of mankind, the most honourable, the leader of the prophets and the one chosen by Allah Almighty to be a guide and example for all

The Koran states:

So they who have believed in him (Muhammad), honoured him, supported him and followed the light (the Koran) which was sent down with him - it is those who will be the successful. (Al-A'raf, 157).

The fate of arrogant nations who belied the Messengers and mocked their messages is clearly mentioned in the Koran:

How many a city I have respited in its evildoing; then seized it, and to Me was the homecoming (Al-Haj, 48).

Mocking the Messengers and belying their message, is that which brings about the Wrath of Allah and His Punishment.

Messengers indeed were scoffed at before thee, and I respited the unbelievers; then I seized them – and how was my retribution? (Al-Ra'd, 32).

Pamela Geller, are you so brave as to defy Allah and His Messenger? You will lose your bravado after seeing the horrible scenes of the Hereafter, your condition will be such that your eyes will leap from your head, you will not even be able to wink. Tilting your head back, you will rush towards the ground where all will be gathered and their hearts will be terror-struck.

The Koran says:

Deem not that Allah is heedless of what the evildoers work; He is only deferring them to a day when eyes shall stare, when they shall run with necks outstretched and heads erect, their glances never returned on themselves, their hearts void. And warn mankind of the day when the chastisement comes on them (Ibrahim, 42).

Pamela Geller you have disbelieved in Allah's signs and transgressed all bounds by mocking at Muhammad the best of creation.

Allah says in the Koran:

But whoso disobeys Allah, and His Messenger, and transgresses His bounds, him He will admit to a Fire, therein dwelling forever, and for him there awaits a humbling chastisement (Al-Nisa', 14).

We also read:

As for the unbelievers who cry lies to Our signs, those shall be the inhabitants of the Fire, therein dwelling forever (Al-Baqarah, 39).

When you see the torment of the Day of Judgment prepared for the sinners, you will wish to ransom yourself from the torment of that day by sacrificing your own children, your brother, and all the people of the earth if that could deliver you.

The sinner will wish that he might ransom himself from the chastisement of that day even by his sons, his companion wife, his brother, his kin who sheltered him, and whosoever is in the earth, all together, so that then it might deliver him (Al-Ma'arij, 11-14).

A hypocrite like Pamela Geller indulges in blasphemous deeds to the extent of mocking at the Prophet by inviting people to share in such despicable comedy. She thinks that by doing so she had achieved victory over Muslims and their religion. But the fact is: Satan has got the better of her and is leading her to ruin. At Doomsday, her evil work will encompass her and she will find no helper to save her from Allah's torture.

The Koran says:

Messengers indeed were mocked at before thee; but those that scoffed at them were encompassed by that they mocked at (Al-An'am, 10).

Pamela Geller seems to forget that those who challenge Allah and His apostle, and maintain their position as antagonists and adversaries shall be incensed by multiplied wrongs and humiliations.

The Koran says:

Surely those who oppose God and His Messenger, (will be on the Judgment Day) among the most abased (Al-Mujadilah, 20).

Pamela Geller doesn't know that Allah the exalted in power and dignity has taken an oath He pronounced authoritatively in the Koran:

Allah has written, 'I shall be assuredly be the victor, I and My Messengers.' Surely Allah is All-Strong, All-Mighty (Al-Mujadilah, 21).

Allah's wrath befalls sinners in the present life and in the Hereafter. In the present life, Allah afflicts his enemies with devastating calamities that would ruin them. Whatever calamity befalls them, it is the earning of their own hands.

Pamela Geller, abasement shall be pitched on you wherever you may be. You will be laden in the present life with the burden of Allah's anger, because you mocked at the Prophet without right, and acted rebelliously and was transgressor.

As for the eternal torment in Hell Fire, Islam teaches that Hell is a real place prepared by Allah for those who do not believe in Him, rebel against His laws, and reject His messengers and mock at them. Hell is an actual place, not a mere state of mind or a spiritual entity. The horrors, pain, anguish, and punishment are all real. Hell is the ultimate humiliation and loss, and nothing is worse than it is:

Allah says in the Koran:

"Know they not that whoever opposes Allah and His Messenger (Muhammad), certainly for him will be the Fire of Hell to abide therein? That is the extreme disgrace." (Al-Tawbah, 63).

The Koran also warns:

That is because they opposed Allah and His Messenger (Muhammad). And whosoever opposes Allah, then verily, Allah is severe in punishment (Al-Hashr, 4).

Pamela Geller, wait for the worldly calamities to befall you. As for the eternal torment in Hell, it will start in your grave, which will become one of the ditches of hell until your resurrection.

There will be no rest, ease, or peace of mind in your grave. You will be exposed to the fire morning and evening. And on Judgment Day, the command is issued thus: "Enter the sinners into the pit of Hell and submit them to the maximum punishment."

Pamela Geller instigates people to draw the Prophet in mocking cartoons as those published in September 2005 by the Danish newspaper Jyllands-Posten.

I must say that the participation in such insolent event is unlawful. The participants will expose themselves to Allah's wrath because they will be mocking at His seal of the Prophets, the Prophet whom Allah distinguished from all other prophets by sending him to deliver the last divine revelation to all humanity – Islam. This provocation would also incite the grudge of 1.5 billion Muslims inhabiting the world. They will pray to Allah to curse Pamela Geller and descends his wrath upon her empty and shallow head.

The prize of the contest (\$10.000) - is also considered by Islam as unlawful money. The winner will earn unlawful money, and as the Prophet Muhammad teaches, the flesh and body that is raised on

unlawful money shall not enter Paradise. Hell is more deserving to the flesh that grows on one's body out of unlawful sustenance.

Pamela Geller must also learn from the event of Charlie Hebdo. Muslims and the entire world condemned the crime of killing the journalists, but one must also understand that Allah took revenge from those who mocked at the Prophet by sending people that killed them. Allah's ways in punishing His enemies are unpredictable; He could send pious or bad people to carry out His orders and execute His plans aiming at punishing His enemies. When the Children of Israel disobeyed Allah's orders, He sent the Babylonian King, Nebuchadnezzar to ravage and destroy Jerusalem and the Temple, and drive the Children of Israel from their homes into exile. Nebuchadnezzar served as Allah's instrument of judgment on Judah for its idolatry, unfaithfulness, and disobedience (Jeremiah 25:9).

Secular history records Nebuchadnezzar as a brutal, powerful, and ambitious king. Nebuchadnezzar was not a monotheist but a follower of the Babylonian gods Nabu and Marduk.

Religion with Allah is only Islam. In Islam Allah is one singular – like a simple leaf and not plural, nor is He like a compound leaf; it is simply submission to Him and Him alone as well as following the path of rectitude. This is Islam as preached by Abraham, Moses, Jesus and Muhammad. But the sacred Books – Torah and Gospel - have been corrupted by the early followers. The Koran was therefore revealed to repair for the last time what has been damaged. This rightly puts the Koran as the reference.

Allah states in the Koran:

It is He who has sent His Messenger with the guidance and the religion of truth, that He may uplift it above every religion, though the unbelievers be averse (Al-Saff, 9).

Pamela Geller and the other satanic enemies of Islam, wish through propagating false rumours against Islam to quench the very light of Allah. But Allah shall continue to send His illumination – the Koran - which proceeds from Him until the souls have been lit by the divine truth albeit this is hateful to those who refuse the truth.

Allah says in His Holy Book the Koran:

They desire to extinguish with their mouths the light of Allah; but Allah will perfect His light though the unbelievers be averse (Al-Saff, 8).

Based on the above, the attack on Islam is worthless. The more the enemies of Allah attack His religion, the more it grows and flourishes in their lands.

Pamela Geller, now I leave you to die in your rage. Now I leave you to face the painful abode awaiting you. You just read the next verse and you will understand what I mean.

Surely those who disbelieve in Our signs -- We shall certainly roast them at a Fire; as often as their skins are wholly burned, We shall give them in exchange other skins, that they may taste the chastisement. Surely, Allah is All-Mighty, All-Wise (Al-Nisa', 56).
